

Fence Planning

When planning your fence, ask yourself the following questions:

Which horse-friendly fence product or combination of products are you most interested in? How many rails or strands of each product?

How much spacing will be between your line posts, 8', 10' or 12'?

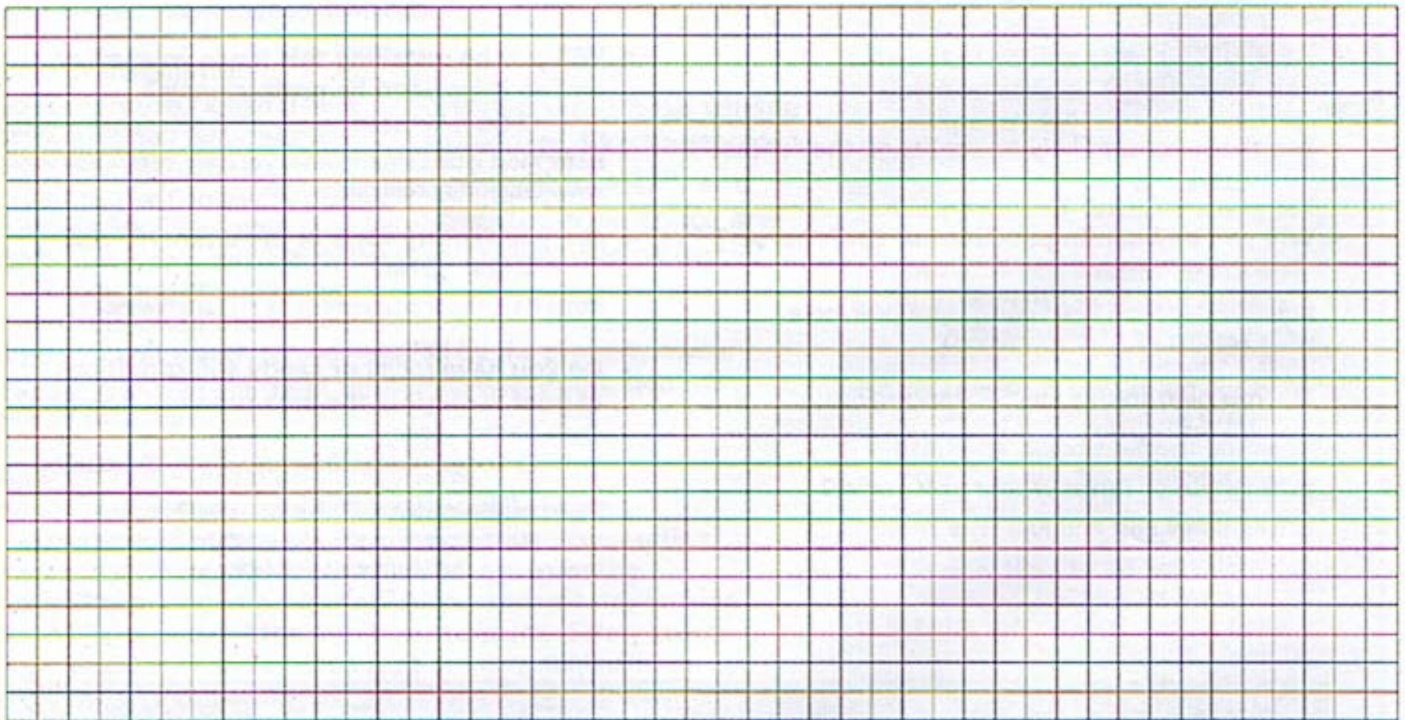

Rail/Strand	Centaur HTP® 5" Rail	Hot-Rail HTP® 5" Electric Rail	Spur HTP® 4" Rail	Hot-Site HTP® 1" Electric Rail	White Lightning® Coated Electric Rail	Poly-Plus® Coated Hi-Tensile

Fence Layout

- Draw the proposed fence in the space below.
- Mark any gates with an X.
- Note the distance of each of the lines you draw.
- Fax to 1-800-942-3397. A Centaur representative will respond quickly with the list of materials needed for your fence project. Call with any questions, 1-800-348-7787.
